OPTIMISM

We celebrate and encourage the good in each other. We create an environment in which people can have fun, express gratitude, feel uplifted, explore their passions and increase their resiliency.

CURIOSITY

We are committed to creating a learning environment that seeks knowledge, looks to the future, and goes beyond the status quo.

PERSONAL ACCOUNTABILITY

We empower one another to be our best selves. By showing up, listening and providing thoughtful feedback we create a culture that allows for self-care.

INCLUSION

Through a lens of respect, we advocate for our families, our youth and each other by creating a sense of belonging, understanding and value for the uniqueness of each individual.

COLLABORATION

We believe that people who are committed to open communication, a willingness to help and working together as a team, create a safe environment and a culture of excellence.
