

Residential Programs

We serve 34 young adults in two programs. Our life coaches assist the young adults with meal planning, cooking, and nutrition.

Youth Connections

Young Adults can participate in Opportunity Passport. Twice a month we serve a hot meal for the young adults. For some, this is the only hot meal they will eat for that week. Youth Connections also provides protein packs for anytime a young adult needs that extra boost.

Training Events

Monroe Harding provides on-going training events for the Foster Parents.

During the training sessions we provide snacks and meals.

Foster Care

We provide snacks and meals to children while traveling to and from appointments.

The Ways Monroe Harding Utilizes Food in Our Programs
